

Q1 Update

A Whirlwind Quarter: Next Stop, Malawi!

What a way to start the year! Over the last three months, we've traveled 8,000 miles through 14 states and Canada, sharing our vision with 38 wonderful churches.

God's faithfulness has been overwhelming, and we are thrilled to share that, if all stays on track, our next update will be sent directly from Malawi!

Building for the Future: The Malawi Convention Center

We've officially broken ground on a brand-new project: a 2,000-seat Convention Center at the Bible School compound. This space will be a hub for growth and fellowship, and we are so grateful to everyone who has already contributed to help us get started.

Buy a Brick

Help Us Finish the Malawi Convention Center

Want to help us reach the finish line?

You can "buy a brick" for \$100

We will write your name on a brick featured on the special commemorative poster pictured above. Once the center is complete, this framed poster will be hung prominently to honor the donors who made it possible.
